Subject: For Information : AV install on 4th floor

Hi All

Just to let you know I have been to sign off on the AV install on the 4th floor today with Ed and Janis. This was the installation of 7 screens belonging to Ed's team in the Old Bailey that were relocated over to FCS. There is now AV in every room.

It has been a very neat high quality job which has been well co-ordinated by all parties concerned and the 4th floor are very happy.

Kind regards

Jane.
