Hi Terry and Patrick, and Chris

See email below from the new Client again I can 2nd that well done!

A good effort from all involved and Chris's guys SSG.

A moving and changing, fast track project carried out in a very short period of time, under a lot of pressure to get the client in on time, much appreciated.

Kind Regards

Hi All

I just wanted to drop you a line to say a huge 'thank you' to you all for helping us with our move from Sanctuary to 10 Victoria St. I've added Terry and Patrick not only to thank them personally, but so they could pass this message to: Kelvin, Danny and Jack. Without Kelvin's help we wouldn't have had our I.T. up and running and his work on the cabling in the meeting room was a perfect solution.

Danny was very helpful, painting where we asked even though it probably wasn't in the right sequence or the way he usually works!! and also Jack who made some smart ceiling tiles to replace damaged units. All in all it was a great team effort from Concept helped along by plenty of T and biscuits 😊

Thanks again.

Kind Regards
